

## Doric Wins Scope Award

Offenbach, Germany – Doric has been recognised as the Best Asset Manager in the Transportation sector at this year’s Scope Awards.

The independent jury of experts commended Doric based on its broadly diversified portfolio of 42 aircraft and five aircraft engines, and its accomplished asset management team which has demonstrated its proficiency time and again during the turbulent Covid period.

Commenting on the award, Sibylle Pähler, Managing Director at Doric, said: “We are very pleased with the recognition of our work that is associated with this award. Despite the market situation, we managed to successfully pursue and close transactions in the transport sector again last year.”

This was the 16th Scope Awards ceremony which is held annually by the rating agency Scope in conjunction with its media partner Handelsblatt. TV presenter Barbara Schöneberger hosted the evening.
